We provide exciting, immersive English language programmes for international students, together with a wide variety of fun academic and co-curricular activities. Learning in one of England's most beautiful stately homes in the glorious Cotswolds, with outstanding grounds and facilities, students will build their spoken and written English language skills and use them with confidence. Programmes of study for both English language beginners and fluent speakers are expertly delivered in small classes, following the school's ethos of tailoring education to the individual child. UK host students participate in activities, giving students lots of opportunity to develop and extend their conversational English.
